

25th November 2016

Western Gate Private Investments Limited

On 22 November 2016, Roust Corporation Group, whose subsidiary CEDC is the major competitor of Stock Spirits in Poland, published its unaudited Q3 results. In those results, it presented 18 pages on its activities in Poland including detailed data on market share and product initiatives. Western Gate considers that by comparison the interim trading disclosure by Stock Spirits is inadequate to allow investors to appraise the progress that Stock is making in its business turnaround in Poland. Accordingly Western Gate raised this with the Board of Stock Spirits on 23 November but did not (thus far) receive a reply to its email. The Roust Corporation results can be found at the following link:
